

## THINKING ABOUT APPLYING TO OXFORD?

If you are a **1<sup>st</sup> and 2<sup>nd</sup> year Senior High** or **3<sup>rd</sup> year Junior High** school student and in the future would like to **study at Oxford** you cannot procrastinate any longer and should start doing something about it now.

First of all, come to a meeting with **Mr J. Skowroński (Oxford Guidance Counsellor)** to learn about the University and its colleges, about the admission process, what it is like to study there, what it costs, whether it is a school for you and anything else that you would like to know.

The meeting will take place in **classroom 307** and will begin at **3.40 (after the 8th lesson)** on **Tuesday (11.03.2014)**.
